PASS TRUSTEES MEET

A meeting of the Crows' Nest Pass Trustees Association was held at Coleman on Friday last, with J. J. Murray, of Fran's, acting as chair man. The financial statement for the year was adopted, and it was decided to hold the June meeting at Frank.

The matter of teachers' salaries created a long and lively discussion. Coleman school board reported that they had adopted a resolution cutting salaries 10 per cent for the fall term of 1933. Blairmore delegates presented a resolution calling for the appointment of a sub-committee to deal with the matter of uniformity of salaries throughout the district, but the resolution was lost, and a like fate met a resolution calling for no reductions in this district.

Sympathy was expressed by the members in the recent illness of J. A. Smith, high school inspector, and the matter of reports covering the high school inspections made last winter, which had not been received owing to the illness of the inspector, had placed the boards in a position where they could not properly consider renewal of teachers' contracts for the new school term.

CONSIDER CHANGES IN SHOOTING LAWS

EDMONTON, May 25.—Important changes in the game laws of the prairie provinces are in prospect and will be given consideration by the respective governments shortly.

As a result of the conference in Edmonton between the Alberta, Saskatchewan, and Manitoba game commissioners last week, recommendations will be made to their respective ministers with a likelihood of approval and early adoption.

Uniformity in the fur tax is one of the chief points involved in the prospective changes. The game commissioners are agreed there should be the same rate for this tax in the three provinces.

Agreement has also been reached for a uniform rate on bird and big game licenses. In the case of Alberta, it is understood, only slight changes will be involved.

BABY ELEPHANT STALKED BY TIGER

"Bring 'Em Back Alive," RKO-Radio Picture, shows a stalking, preying, frothing female tiger cut a tiny baby elephant off from its mother. The tiger, relentless, tireless, intent on the kill, lopes along. The wee elephant runs this way and that. It turns... it scampers to the brush cold with terror. The outcome of this suspenseful pursuit is shown in Frank Buck's remarkable jungle picture which opens at the Orpheum theatre tonight for a three-day run.

SIR HARRY AND JEWS

Always in line with the times, Sir Harry Lauder paid the Jews the compliment of being "the finest white men I have met," adding that he spoke from association extending over 25 years.

And then, the serious vein closed. He told a mirthful story. It concerned a Scot who entered a bar, where in a corner sat several Jews.

Ordering a "pony," for which he paid 2d, the Scot began to eulogize the Jews loudly, commenting that he had worked for 10,000 of them, and that he wished there were 40,000 of them.

So consistent was the Scot in his praise that every Jew at the bar stood him a glass of whisky, and when the Scot eventually staggered out "comforted" by five or six double whiskies, the Jews asked the barman who the man was who had just left.

"Oh," said the barman, "he is a gravedigger out in the Jewish cemetery."

REV. N. W. WHITMORE AT UNITED CHURCH SUNDAY

The friends of the United church should be out in force on Sunday to hear Mr. Whitmore, the minister of the United church at Pincher Creek. Mr. Whitmore is commencing the fourth year of his pastorate there and is beloved by his congregation and the residents of Pincher Creek. He is chairman of the Lethbridge Presbytery. He will bring to the congregation a report of the conference. Be sure to hear him.

A WILD-LIFE SANCTUARY

When Jasper National Park, in Alberta, which has an area of 4,200 square miles, was set aside in 1907 by the Government of Canada to meet the recreational requirements of the people and to serve as a refuge for the native fauna, great inroads had been made in the wild life by hunters. As a result of the establishment of sanctuary conditions the preservation of the different species of wild life indigenous to that region has been assured. In recent years there has been a remarkable increase in the wild life of the park. It is estimated that the number of bighorn sheep in the Athabasca valley has doubled within the past few years. Rocky mountain goat are numerous and are spreading to new ranges in the park, and elk, moose, deer and caribou are seen in large numbers. The elk which had so nearly been exterminated a few years ago, have increased to such an extent that they are extending their range in many directions. Moose and deer are also increasing in numbers, especially in the northern part of the park, which is heavily timbered and well suited to the needs of these animals. Caribou are spreading throughout the park and overflowing from the Smoky River area into British Columbia. There has been a large increase in the number of bears, especially in the immediate vicinity of Jasper. There are many beaver colonies in the park and the animals are increasing rapidly in numbers. We should hate to think that any of these lovely wild creatures were being preyed on merely to become the sport of cold blooded hunters and sportsmen—so called.

QUIT RADIO ADVERTISING

A copyright report issued by Media Records, Inc., shows that in all the United States of 191 advertisers who used the radio for advertising in 1931 some 131 gave it up for 1932. Only 60 of the Radio advertisers of 1931 continued for 1932.

There was \$180,000,000.00 spent in newspaper advertising in 1932. A few national advertisers familiar to readers of this paper spent as follows: Bayer's Aspirin \$1,848,575.00; Birden Co. \$1,027,472.00; Palmolive Soap \$3,479,821.00; Eno's Salts \$75,437.00; Kellogg Company \$4,224,835.00; Kelvator \$780,500.00; Metropolitan Life Assurance Co., \$246,242.00; Philco Radios \$744,575.00; Procter and Gamble Crisco etc., \$4,068,938.00; Quaker Oats \$846,296.00; Pruna \$89,960.00; Scott and Browne \$129,811.00; Chase and Sanburn \$1,992,372.00; Fleischmann Yeast, \$3,070,364.00; Vicks \$1,779,671.00; Wrigleys gum \$898,447.00; Wyeth \$744,465.00; Buick Cars \$1,579,998.00; Chevrolet Cars, \$3,902,582.00; Chrysler Cars \$8,640.00; Firestone Tire \$1,569,351.00; Goodyear Tires \$3,654,133.00.

A REASON FOR LEAVING TOWN

An inquirer asked Rastus about his native village: "Rastus, how many people live in this town?" "Bout 4,000 people, suh." "How long you lived here, Rastus?" "Bout 40 years, suh." "How many people when you came here?" "Bout 4,000 suh." "You mean to tell me there were 4,000 people 40 years ago, and only 4,000 now? Hasn't the population grown? Have no people moved in? no babies been born?" "Yes, suh, yes—babies been, but you see it is this way; every time a baby is born, someone leaves town."—Printers' Album.

FOR THE INFORMATION OF LOCAL YOUNG LADIES

For the information of local young ladies who wish to correspond with the Prince of Wales, here is his correct address, which must be written legibly, covering not more than half the front of an ordinary envelope: H. R.H. Edward Albert Christian George Andrew Patrick David Prince of Wales and Earl of Chester, Duke of Cornwall, Duke of Rothesay, Prince of Saxe-Coburg and Gotha and Duke of Saxony, Earl of Carrick and Ilkness, Baron of Renfrew and Killarney, Lord of the Isles and Great Steward of Scotland, K.G., London, England.

Tobacco is being grown as an experimental crop on the Heading Provincial Prison Farm, Hon. D. G. McKenzie, Manitoba Minister of Agriculture, announced. If the crop is harvested the tobacco will be given to prisoners for their smoking requirements.

Canadians Like Ice Cream

Total Consumption in Year Over Eight Million Pounds

It is evident from a report issued by the Canadian government bureau of statistics on the ice cream production in Canada for 1931 that Canadians have an appetite for ice cream. The total consumption in the year under review was 8,219,272 gallons, an increase of 2,783,138 gallons, compared with the total production in 1921. The 1931 production was valued at \$11,161,595. The Canadian government bureau of statistics states that ice cream is an article of food. It possesses all the elements of a real food, being easily digested, palatable and highly nutritive.

The production of ice cream in the Dominion is carried on chiefly by the dairy and confectionery industries. The per capita consumption of ice cream according to the latest figures is 79 gallons. The provinces showing the highest per capita consumption were Ontario, British Columbia and Nova Scotia with 1.09 and 97 gallons respectively.

A Powerful Generator

Part of Equipment of New Laboratory at Cambridge

The wonderful Ludwig Mond Laboratory at Cambridge, just opened, contains an apparatus for splitting the atom on a scale unknown before. It is an electrical generator which will provide a current of tens of thousands of amperes, comparable with the output of the largest of London's power stations. So intense is the current that if it were left flowing for a tenth of a second, the copper of the coil through which it passed would melt. Actually the experiment has to be completed in 1/100th of a second—London Tit-Bits.

Receives Fellowship

Ottawa, Ont.—Dr. Archibald John Grace, formerly of Saskatchewan, and a Saskatchewan Rhodes scholar in 1926, has successfully completed at London, England, his final examinations for a fellowship in the Royal College of Surgeons of England, and is expected to return to Canada shortly, according to word received here.

Apples boast a strong power over potatoes. A stream of air passed first over the fruit is said to dwarf the sprouts of the vegetables.

The total capacity per day of the flour mills of Canada during last year was nearly 112,000 barrels.

Six-Horse Dray Team Sold

Famous Horses Will Be Mated On Winnipeg Streets

Winnipeg's famous six-horse dray team, for years a feature of the Royal Winter Fair at Toronto will be seen no more in Canada, for the entire outfit has been sold by Shea's Brewery to the Anheuser-Busch Company of St. Louis, reputed as the largest brewing company in the world.

The price, admittedly tempting was paid in U.S. funds and the beautiful harness went with the famed equine six-in-hand. The horses were shipped south and "Andy," their well-known driver, went with them to make delivery.

Pat Shea, Sr., the man who came to Winnipeg without a dollar in his pocket 50 years ago as a railroad contractor's laborer, now a feeble old man, made no effort to hide his feelings. There were tears in his eyes as the six magnificent imported Clydesdales were harnessed and led from their Winnipeg barns for the last time.

Gold Rush Days Revived

Town of Quesnel, B.C. Is Humming With Activity

Reminiscent of the early gold rush days, perhaps even exceeding that period, the British Columbia mining community of Quesnel, B.C., is humming with activity as business and tradesmen follow on the heels of gold seekers in Quesnel's second major gold rush.

Stores, cabins, auto camps, houses and additions to present buildings are springing up like mushrooms everywhere. Almost every day a new building is started. Real estate is booming—lots unsaleable a few months ago are changing hands at prices ranging from \$500 to \$1,200.

Old-established business places have had to increase their help to keep up with the new business pouring in.

Winnipeg Newspaper Union

Fashion

By Ruth Rogers

Following the loss of the "Bright Fan" last year, the Marine Underwriters were nervous about writing marine insurance on the Hudson Bay Route and were at first not disposed to give any concessions until more successful results could be shown.

The objection that the Hudson Bay Route was subject to the two great dangers to shipping, namely, ice and fog, and that the season was very short. When there has been, up to date, only a few voyages in a year, the underwriters figured that a single casualty might quite likely absorb the whole or more than the whole of the money received by way of premium. Last year the unfortunate loss of the "Bright Fan" more than took away all the cargo premiums received during the season.

The Government of Saskatchewan has succeeded in obtaining a special concession and a special marine agreement. It provides for full insurance irrespective of declarations for not exceeding \$50,000 on any one bottom. The Saskatchewan contract of insurance will take care of all shipments of grain, produce and cargo, including refrigerated interests and advances. The contract applies for a period of twelve months from May 1st, and covers cargoes at and from places and ports in Canada to ports and places in Canada, United Kingdom, continent of Europe or world generally. The net rates retained for the Hudson Bay for the season of 1933, are as follows:

Sailings between 10th of July and 10th of August—1.25 per cent.
Sailings after 20th of October held covered at rates to be arranged.

The Saskatchewan contract of Marine Insurance was effected with the C. T. Bowring & Company Insurance Limited, of London, England, one of the members of Lloyds and one of the largest Marine Insurance writers in the world. In the Bowring syndicate for the purpose of the Hudson Bay Marine Insurance, under the agree-

ment are grouped as underwriters the Royal Exchange Assurance, British Traders Insurance Company, Limited, London Assurance, Sea Insurance Company, Limited, Provincial Insurance Company, Limited or Hull Underwriters Association Limited, Canton Insurance Office Limited, Switzerland General Insurance Company, Limited, Merchants Marine Insurance Company, Limited, General Accident, Fire and Life Assurance Corporation, Federal Insurance Company, Yorkshire Insurance Company, Limited, British Foreign Insurance Company, Limited, the Indemnity Mutual Marine Assurance Company, Limited, The Standard Marine Insurance Company, Limited, and Lloyds Underwriters.

The Marine Assurance agreement obtained by the Saskatchewan Government came at the opportune time to assure a fair trial of the Hudson Bay Route. The rate on hulls and cargoes using Churchill had previously constituted an unnecessary and unjustified handicap against the Hudson Bay Route and imposed a very heavy burden on the trade. In addition, the general attitude of the underwriters occasioned by the loss of the "Bright Fan" last year, the special concession made by the Federal Government in favor of Port Churchill last year were withdrawn and harbor tolls and dues compared with other Canadian ports are being established at Churchill for the same charges as registration and elevator charges are being established. This tended to make the attraction of shipping and trade over the Hudson Bay Route very difficult in view of the freight tariffs and the apathy of the railways in routing traffic by the Bay Route.

Marine Underwriters have in the past inserted in their Marine Insurance policies a provision which is known as the British North American Warranty clause, whereby the limit is insured under the condition that she will not ply to British North American ports or if she does will be treated as an additional premium which varies with the season. This clause has been vigorously contested for many years but still obtains as regards hulls and cargoes using Canadian ports, except Vancouver and Prince Rupert, and except hulls and cargoes using the Hudson Bay Route through St. John. The additional premium for suspension of the North American Warranty clause is \$100 per ton or \$50,000 per vessel, was recently asked by underwriters on the basis of the ship entering the straits one month earlier, that is, on July 10th, arriving at Churchill July 15th and leaving on a date to be agreed. The prohibitive nature of these rates is clearly seen by the fact that the above charges apply only to the steamers and are paid by the ship owner. Cargo insurance is entirely separate and additional and is paid either by the shipper or consignee.

The new Marine Insurance policy will assist in keeping the port open and cutting down the costs of export and imports to the western farmer. It constitutes a long step forward in the direction of securing the Hudson Bay Route as a western Canadian port. The Saskatchewan agreement as to Marine Insurance will fix the rates on the Hudson Bay route for the year.

The Saskatchewan Government recognized the necessity and have appointed a competent and experienced traffic staff who are sympathetic to the Hudson Bay Route to secure the maximum volume of export and import traffic for that route. The action which has been taken in the matter will help to give Winnipeg, the benefit of stimulated trade as a result of the preference granted at the Ottawa Conference.

Little Man with Large Shirt (to big man with rather small one): "I say, old chap, I don't want to be personal, but I was wondering if by any chance we patronize the same laundry?"—The Humorist, London.

Little Man with Large Shirt (to big man with rather small one): "I say, old chap, I don't want to be personal, but I was wondering if by any chance we patronize the same laundry?"—The Humorist, London.

Hudson Bay Marine Rate Lowered

New Rates Come At Opportune Time To Give Route A Fair Trial

The Hon. James F. Bryant, K.C., Minister in charge of Insurance, has announced that as a result of prolonged negotiations carried on by the Saskatchewan Government, new and effective Marine Insurance rates in respect to exports to be forwarded by the Hudson Bay Route have been obtained by the Saskatchewan Government.

The new Marine Insurance rates on traffic through Hudson's Bay mean a saving of 33% per cent. on the general Marine Insurance rate into the Bay, quoted last year, and a saving of 20 per cent. on the lowest rate quoted last year for a favorable period by a New York firm of underwriters. Last year the Marine Insurance rate covered a period of seven weeks. Under the new agreement the period of navigation with Marine Insurance has been extended to three months and ten days with provision for a further extension to October 31st at a rate to be quoted.

Taking advantage of the presence in Canada last fall of Lieutenant-Commander Bedford of Lloyds, London, the Hon. James F. Bryant and Arthur E. Fisher, Superintendent of Insurance for Saskatchewan, had a conference with them in Winnipeg and opened up negotiations. Lloyds for a review of the Marine rates into Hudson's Bay. Following this the government submitted a letter to Lloyds and later had an agent of the government carry on negotiations for reduced rates in London.

Following the loss of the "Bright Fan" last year, the Marine Underwriters were nervous about writing marine insurance on the Hudson Bay Route and were at first not disposed to give any concessions until more successful results could be shown.

The objection that the Hudson Bay Route was subject to the two great dangers to shipping, namely, ice and fog, and that the season was very short. When there has been, up to date, only a few voyages in a year, the underwriters figured that a single casualty might quite likely absorb the whole or more than the whole of the money received by way of premium. Last year the unfortunate loss of the "Bright Fan" more than took away all the cargo premiums received during the season.

The Government of Saskatchewan has succeeded in obtaining a special concession and a special marine agreement. It provides for full insurance irrespective of declarations for not exceeding \$50,000 on any one bottom. The Saskatchewan contract of insurance will take care of all shipments of grain, produce and cargo, including refrigerated interests and advances. The contract applies for a period of twelve months from May 1st, and covers cargoes at and from places and ports in Canada to ports and places in Canada, United Kingdom, continent of Europe or world generally. The net rates retained for the Hudson Bay for the season of 1933, are as follows:

Sailings between 10th of July and 10th of August—1.25 per cent.
Sailings after 20th of October held covered at rates to be arranged.

The Saskatchewan contract of Marine Insurance was effected with the C. T. Bowring & Company Insurance Limited, of London, England, one of the members of Lloyds and one of the largest Marine Insurance writers in the world. In the Bowring syndicate for the purpose of the Hudson Bay Marine Insurance, under the agree-

ment are grouped as underwriters the Royal Exchange Assurance, British Traders Insurance Company, Limited, London Assurance, Sea Insurance Company, Limited, Provincial Insurance Company, Limited or Hull Underwriters Association Limited, Canton Insurance Office Limited, Switzerland General Insurance Company, Limited, Merchants Marine Insurance Company, Limited, General Accident, Fire and Life Assurance Corporation, Federal Insurance Company, Yorkshire Insurance Company, Limited, British Foreign Insurance Company, Limited, the Indemnity Mutual Marine Assurance Company, Limited, The Standard Marine Insurance Company, Limited, and Lloyds Underwriters.

The Marine Assurance agreement obtained by the Saskatchewan Government came at the opportune time to assure a fair trial of the Hudson Bay Route. The rate on hulls and cargoes using Churchill had previously constituted an unnecessary and unjustified handicap against the Hudson Bay Route and imposed a very heavy burden on the trade. In addition, the general attitude of the underwriters occasioned by the loss of the "Bright Fan" last year, the special concession made by the Federal Government in favor of Port Churchill last year were withdrawn and harbor tolls and dues compared with other Canadian ports are being established at Churchill for the same charges as registration and elevator charges are being established. This tended to make the attraction of shipping and trade over the Hudson Bay Route very difficult in view of the freight tariffs and the apathy of the railways in routing traffic by the Bay Route.

Marine Underwriters have in the past inserted in their Marine Insurance policies a provision which is known as the British North American Warranty clause, whereby the limit is insured under the condition that she will not ply to British North American ports or if she does will be treated as an additional premium which varies with the season. This clause has been vigorously contested for many years but still obtains as regards hulls and cargoes using Canadian ports, except Vancouver and Prince Rupert, and except hulls and cargoes using the Hudson Bay Route through St. John. SUNDAY SCHOOL LESSON
JUNE 4

JESUS' FACES HIS BETRAYAL AND DENIAL

Golden Text: "He was despised, and rejected of men; a man of sorrows, and acquainted with grief."—Isaiah 53.

Lesson: Mark 14:10-72.
Devotional Reading: Psalm 42:6-11.

Explanations and Comments
Preparations for the Paschal Meal, verses 12-16.—Jesus directed the disciples to secure a guest chamber in Jerusalem where they might partake of the Paschal Meal. This they did, and "made ready for the Passover."

Their preparations must have included attending to the roasting of the lamb, securing unleavened cakes and bitter herbs and the wine. The room belonged to some friend, not one of the inner group of disciples, and the arrangements were made secretly, for there was danger of Jesus being arrested before the meal could be shared.

Announcement Concerning the Betrayal, verses 17-21.—After sunset Jesus and The Twelve came to the place appointed for partaking of the Paschal Meal, or they were waiting for Jesus made a startling announcement,—one of them, who was so closely identified with Him, a table companion, would betray Him. Thus Jesus emphasized the solemnity of the deed, for Jesus' companionship involved especially sacred obligations.

"It was the dropping of a Lydianite into their midst, destroying the whole atmosphere of peace" (C. R. Brown). One by one they anxiously inquired, "Is it I?" Each could as easily have been himself guilty of an enormous sin as any other one of the group who had camped with Jesus so closely and so long. The form of the Greek implies a "surely answer, as if each one said, 'Surely not I.' The foretelling of the crucifixion had left them cold, indifferent or incredulous. The statement that there was an actual traitor amongst them stirred them deeply."

"It is one of The Twelve, he that dipeth with Me in the dish," was Jesus' reply. They did not have knives and forks and spoons, but with their hands dipped the bread into the dish and ate. The Lydianite dish contained a mixture of vinegar, spices, dates, figs, etc. Probably there were several dishes, and one for each of the group of three or four, so this reply did not definitely indicate the traitor.

In this general attitude of the underwriters occasioned by the loss of the "Bright Fan" last year, the special concession made by the Federal Government in favor of Port Churchill last year were withdrawn and harbor tolls and dues compared with other Canadian ports are being established at Churchill for the same charges as registration and elevator charges are being established. This tended to make the attraction of shipping and trade over the Hudson Bay Route very difficult in view of the freight tariffs and the apathy of the railways in routing traffic by the Bay Route.

Marine Underwriters have in the past inserted in their Marine Insurance policies a provision which is known as the British North American Warranty clause, whereby the limit is insured under the condition that she will not ply to British North American ports or if she does will be treated as an additional premium which varies with the season. This clause has been vigorously contested for many years but still obtains as regards hulls and cargoes using Canadian ports, except Vancouver and Prince Rupert, and except hulls and cargoes using the Hudson Bay Route through St. John. The additional premium for suspension of the North American Warranty clause is \$100 per ton or \$50,000 per vessel, was recently asked by underwriters on the basis of the ship entering the straits one month earlier, that is, on July 10th, arriving at Churchill July 15th and leaving on a date to be agreed. The prohibitive nature of these rates is clearly seen by the fact that the above charges apply only to the steamers and are paid by the ship owner. Cargo insurance is entirely separate and additional and is paid either by the shipper or consignee.

The new Marine Insurance policy will assist in keeping the port open and cutting down the costs of export and imports to the western farmer. It constitutes a long step forward in the direction of securing the Hudson Bay Route as a western Canadian port. The Saskatchewan agreement as to Marine Insurance will fix the rates on the Hudson Bay route for the year.

The Saskatchewan Government recognized the necessity and have appointed a competent and experienced traffic staff who are sympathetic to the Hudson Bay Route to secure the maximum volume of export and import traffic for that route. The action which has been taken in the matter will help to give Winnipeg, the benefit of stimulated trade as a result of the preference granted at the Ottawa Conference.

Little Man with Large Shirt (to big man with rather small one): "I say, old chap, I don't want to be personal, but I was wondering if by any chance we patronize the same laundry?"—The Humorist, London.

Service Invaluable
To Canada

Federal Veterinary Service Protects People by Keeping Animals Healthy

Canada has travelled along serenely without any serious trouble among her flocks and herds of live stock for some time and there has almost been a tendency to complain about the costs of maintaining the Health of Animals Branch which guards the health of our stock. Farmers and city men alike should be deeply thankful that Canada has such a service and that this humble but efficient part of the Dominion Department of Agriculture have had well-thought-out regulations to administer and that through their strict enforcement not only the health of our animals but human health as well has been protected from epidemics of diseases which have visited less fortunate nations.

If our own people have been slow to recognize the worth of our Federal Veterinary service others have not. In a recent issue of the Scottish Farmer the report of Canada's Veterinary Director-General, Dr. G. H. Hilton, was the subject of favorable comment. References to the outbreaks of foot-and-mouth disease in Great Britain indicated the enlarged costs which such epidemics added to pure bred stock imported into Canada. Quoting our contemporary, "The fact that Canada did not lift the ban on Scottish cattle until a period of five months had elapsed without an outbreak, shows how important it is for this country (Scotland), to maintain a clear bill of health."

"Foot-and-mouth disease," has not yet invaded Canada, and there have been complaints occasionally at the drastic measures adopted to protect the Dominion from the risk of infection; but it is a wise policy not to take any chance when foot-and-mouth disease is concerned.

Similar strict regulations govern all dangerous contagious diseases and live stock men are warned under penalty to inform the nearest official should they note any suspicious cases. In this way diseases which might affect live stock over a large area can be promptly checked, and any possible danger to humans be avoided as well. Notable instances of the service rendered the Canadian people as a whole by the Branch are, the campaigns against the reduction of tuberculosis in cattle, the practical elimination of dourine in horses, a disease which also affected humans, and the gradual reduction of other animal troubles through constant research into new and better ways of combating them.

Might Be Called Exclusive

Golf Club At Chesterfield Inlet Has Four Members

Perhaps the most exclusive and certainly the most unique golf links in Canada is Hudson's Bay at Chesterfield Inlet. It has a membership of four, consisting of two missionaries, a Hudson Bay Company factor and his assistant.

A life membership in this select gathering of golf enthusiasts may be had at a cost of ten polar bear teeth. Still in the process of being completed, three holes have been completed, 400, 250 and 300 yards in length, respectively. They are played three times in succession, par for the nine holes being 36.

The problem of greens has been solved by using hard-packed sand from the beach while the tundra moss makes an excellent fairway. Important on the roster of the club are the caddies—four Eskimo boys, one for each member.

Worked For a While

Man Used Ice Chips To Feed Electric Light Meter

A Staffordshire householder found he had no shilling for his electric light.

He obtained some ice, trimmed it to the necessary thickness, pushed it in the slot, and the light went up.

The process was repeated several times.

Then the collector called and found the meter 33 shillings short. He pondered and pondered. There was rust in the meter—then the truth came out.

The householder has now paid the shilling he thought he had saved.

Employer: "How would you like to save jobs with me, Johnnie?"
Office Boy: "All right!"
Employer: "And what would you do first?"
Office Boy: "Fire the office boy!"

The man who is always late to work usually is early at the pay window.

BEER HAS COME BACK

Beer returned to the reputed feverish palates of twenty-one states that let down the gates on Friday, April 2, 1933. The newspapers exploited the occasion, stressing the alleged fact that there was not enough of the amber fluid to go around and conveying assurances from the brewers that this shortage would be soon remedied. No cases of disorder or inebriety were cited, whether due to the modest percentage of alcohol (3.2) permitted to enliven the mild malt ferment or to the shortage. The press reported great rejoicing; to the naked eye of this New Yorker all seemed calm and as usual, although 14,243 permits to sell the stuff were issued in the city. This would seem to do away with restoring the saloon, as the latter was an undoubted center of infamy and motoplogy controlled by brewers and politicians. The new beer is about as exhilarating as soda water, which is freely sold, and does not deserve any higher official status.
—U.S. Exchange.

REMINISCENCES

The Echo was highly gratified last week to receive a review of the terrible disaster of the Frank Slide (Turtle Mountain) from Mr. W. A. Fraser, who is a survivor of the residents of Frank, in celebration of its thirtieth anniversary. Mr. Fraser had written the article to be used without his name appearing, but we have insisted upon its use. To have been spared from that gruesome avalanche makes a name well worthy of the article chronicling its thirtieth anniversary. To the interest which no doubt will be taken in the review may be added that of the fact that it was at that memorable time that Mrs. H. C. Moore with her sisters, grandmother, Mrs. Ganble, 80 years of age, and her parents, Mr. and Mrs. E. G. Hazell, later prominent residents of Fernie, were en route from Toronto, the slide having occurred after their leaving. Their arrival was amongst the number who were transferred over the slide from train to train.

IT PAYS TO ADVERTISE

Mary had a little lamb, his fleece was white as snow. It strayed away one day, it's said, where lambs should never go. And Mary sat her quickly down, and tears streamed from her eyes; she never found the lamb, because she did not advertise. And Mary had a brother John, who kept a village store. He sat him down and smoked a pipe, and watched the open door. And, as the people passed along and did not stop to buy, John still sat and smoked his pipe, and blinked his sleepy eye. And so the sheriff closed him out, but still he lingered near; and Mary came to drop with him a sympathetic tear. How is it, sister, can you tell why other merchants here sell all their goods so readily, and thrive from year to year? Remembering her own bad luck, the little maid replied: "These other fellows get there, John, because they advertise."

From a friend whose name is withheld, we hear our first golf story of the season. Seems that a young lady, new to the game, was having her first lesson from the club pro, and upon coming to a nice lie on the fairway the pro, offered her a brassie. "Sir," she replied, haughtily, "I'll have you know I never accept lingerie from a strange man."

Local and General Items

Mrs. Albert Kryewit, of Hillcrest, left last week on a visit to Spokane.

FOR SALE OR RENT—Three or two-roomed shack or house. Apply to The Enterprise.

Fire destroyed the Fernie undertaking parlors on Tuesday, damage estimated at close to \$10,000.

The Frank Canadian soft ball club will hold a dance in the Union hall on Monday night next.

Mrs. J. Baird left Monday for Edmonton, as representative of Crows' Nest Chapter to the annual convention of the I.O.D.E.

Hopkin's orchestra will furnish old-time music for the dance to be held at the Crows' Nest Lake pavilion on June the 13th.

"Did" Harrison has had great luck with everything in his garden this season, except the vermicelli, which he claims was sowed upside down.

He: "Did you hear that Eva is marrying her X-ray specialist?"
She: "Well, she's lucky. Nobody else could ever see anything in her."

Kenneth Buck, twenty-eight-year-old kidnapper of Margaret (Peggy) McLaughlin, has been declared viciously insane at Bridgewater, Massachusetts.

Daniel McNaughton was in town on Monday from Natal, B.C. Mr. McNaughton is the manufacturer of a cleaning mixture named "Slick," somewhat resembling Snap in substance.

COUNTER CHECK BOOKS—order them at The Enterprise office at the same price as you can get them at the factory, or from a traveller. Keep as much money as you can in Blairmore.

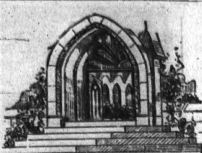

The 6000-ton Norwegian freighter Sierstad, under charter to the Dominion Steel & Coal Corporation, carrying a cargo of iron ore for Germany, struck an iceberg off the east coast of Newfoundland and sank. The crew were rescued.

Now that the rivers are rather high, would it not be a good idea for parents to warn their children to keep away from the river banks. The warning could also be issued to school children through the teachers. Daily, children can be seen playing around the rivers, and the most dangerous places is where they decide to frequent.

For the benefit of some readers, who might feel otherwise, we might state that the columns of this highly recognized and respected family journal are open at all times to the pen of anyone who wishes to criticize the expressed opinions of others or ourselves, free of cost, subject of course to our judgment as to whether or not such matter is fit and proper for publication.

Graduates from the Kootenay Lakes general hospital school of nursing at Nelson on Friday last included the following from this district: Jenny S. Dickson, Janet G. Gillespie, Evelyn J. Higginbotham and Myrtle M. Nelson, of Coleman; and Eileen Hyslop, of Waterton, formerly of Pincher Creek. Commencement exercises were held at Nelson on Friday night.

The playlet by the "Twelve Old Maids" of the United church, presented at the church auditorium last week end, was one of the greatest successes of the season, and ever since people have been trying, unsuccessfully, to get their faces back to normal. Really, there never was so much laughing done in one hour since Blairmore came into being. The maids were assisted by the Upton orchestra and the following vocalists: Miss Lena Fraser, Mrs. C. C. Cranston, of Bellevue, and Mr. E. Womersley. The net proceeds, amounting to nearly fifty dollars, will be handed over to church funds. We understand that an invitation has been received to stage the programme at Bellevue at an early date.

BLAIRMORE UNITED CHURCH
Rev. Albert E. Larke, Minister

"Serve the Church that the Church May Serve You."

11 a.m.—SENIOR SCHOOL.
2 p.m.—JUNIOR SCHOOL.
7.30 p.m.—PUBLIC WORSHIP.
Rev. N. W. Whitmore, B.A., of Pincher Creek, will be the guest preacher.

ST. LUKE'S CHURCH NOTES
Rev. A. S. Partington, B.A., Rector

10 a.m.—Sunday School in the hall.
7.50 p.m.—Evensong in the church.
Bishop Sherman will attend St. Alban's, Coleman, on Monday, June 5th, for confirmation services at 8 p.m.

GET THE HABIT

You like to fish? Of course you do. And fishing streams are mighty few. So watch your fire with careful eye. For forests burnt mean streams gone dry.

Get the habit, nothing to it. All the regular fellows do it. Kill your match before you drop it. Fire's our bug bear, help us stop it.

You like your hunting in the fall? Most fellows do, and if they'd all Put out their fires before they go. The game would have a better show.

A word to every logging crew. The timber burnt is lost to you. Each forest fire that gets away. Shuts down the work, and docks your pay.

A friend of ours writes from Montana: "People here wish they had Canadian money." So do a lot of us.

A sitting of the small debts court is being held here today, presided over by His Honor Judge McDonald.

Wallace Beery, movie actor, has been commissioned a lieutenant commander in the naval reserve aviation corps.

Awfully nasty of Motherwell, doncher know, to suggest that if R. B. is knighted his new name should be "Lord Gerryrmander."

In our last week's paper mention was made of Freda Antrobus attaining second place in violin at the Calgary festival. Should have read "junior piano."

The Coslett sisters, of Bellevue, carried away high honors at the Cardston athletic meet on May the 24th, landing four firsts, one second and three thirds, while their brother Alex. carried off a first.

Certain individuals who hid their faces to "booh" at civil pedestrians here on the strike day last week, showed their yellow when they quit on seeing the police coming in the distance, who had been called by an offended lady.

The second meeting of the Blairmore Amateur Athletic Association was held at the Greenhill hotel on Monday night, when the programme for July 1st was outlined. A resolution was passed at this meeting that free tickets for the day be handed out to the unemployed. Preliminary posters are being distributed this week, to be followed by large attractive announcements.

The famous Coconut Grove of the Ambassador hotel, Los Angeles, was reproduced in the RKO-Radio studio for its production of "So This Is Harris," in which the Coconut Grove's popular band leader and singer, Phil Harris, makes his screen debut. He is starred with Walter Crockett and this three-reel musical novelty is an added feature at the Orpheum for the balance of the week, along with the super-thrill, "Bring 'Em Back Alive."

Local and General Items

Cliff Madden, of Lundbreck, is busy right now cleaning up his elastic fin measuring rule.

Murphy has been sworn in as Philippine governor. Not our own Harvey, though.

"Your dog license expired May the 15th," remarked the Blairmore chief. "So did the dog!" came the reply.

Jimmy McLarnin, of Vancouver, knocked out Young Corbett in less than three minutes of fighting at Los Angeles on Tuesday.

W. M. Bush has had his gas and service station at the corner of Tenth Avenue and Victoria Street painted and made quite attractive.

F. L. Rhodes, manager of the Canadian Bank of Commerce at Nanton, and formerly of Pincher Creek, is being transferred to Lethbridge.

Many an editor has been half shot, but the general manager and assistant publisher of the Los Angeles Daily News was shot dead.

Rev. A. E. Larke returned home on Tuesday last from the United church conference in Calgary. While in the city he underwent an operation. He is reported doing well.

Mrs. J. T. McNally, stepmother of Right Rev. John T. McNally, D.D., Bishop of Hamilton and formerly of Calgary, died at her home in Summerside, P.E.I. She was 82 years old.

Mr. and Mrs. Best, of Rocky Mountain House, are moving to the Porcupine forestry station, where Mr. Best succeeds Mr. Monk, who has been transferred to the Willow Creek station.

A friend of ours, way down in the United States, but former resident of Blairmore, writes in part as follows: "Was very disappointed at the lineup you citizens put up for mayor and council. Good timber must be getting pretty scarce in Blairmore. Better luck next time I hope."

Walter McNeill, member of Calgary Club, ought to be in the international peace and good will committee. He has probably settled more coal miners' strikes than any other man in Alberta. He used to be commissioner of the Western Canada Coal Operators' Association, and sat in on all the strike conferences about 20 years ago. He is now a member of the Workmen's Compensation Board. —Left Hand Corner in Lethbridge Herald. Mr. McNeill is a brother of Judge E. P. McNeil, of Calgary.

Cadron, Nebraska, knows what it means now to have a newsless newspaper. George C. Snow, publisher there, got tired of furnishing the news while many of the merchants placed ads in free "throw sheets." So last week Snow printed an edition containing only advertisements. Subscribers complained, and each complaint made Snow happier, this week his paper went back to normal, carrying a reminder that business men who patronize the throw sheets may help drive the small town newspaper out of existence. Snow thought the object would have practical results.—Left Hand Corner, Lethbridge Herald.

"If you were judging for the country where the chances of living the longest would be the greatest, where would you go?" asks the Tourist and Convention Bureau of the C.N.R. Canada among the countries of the world is the choice. The province of Saskatchewan for the year 1930 had a crude death rate of 7.0 per 1,000 population, Alberta next with 7.8 and Manitoba 8.3. South Australia then enters the picture with 8.7, New Zealand 8.8, Australia 9.5. Canada as a whole has a percentage of 10.7. Of the eastern provinces Prince Edward Island heads the list with 19.9, Ontario 11.6, Nova Scotia 12.1, New Brunswick 12.3, Quebec 12.7. Switzerland has 12.4 and Germany 12.6. The worst places in the world would be Egypt with 26.2, Chile 25.8, Japan 20.0. France and Spain have a percentage of 18.0.

A daughter was born to Mr. and Mrs. W. J. Kraft, of Safeways Limited, at Calgary on May the 29th.

A penniless youth was ordered to a warmer climate by his doctor. The youth, disgustedly, gave the doctor the same advice.

The annual Crows' Nest Pass (East Kootenay district) schools field and track meet is to be held at Michel Natal on Saturday.

Mr. and Mrs. Richard Harrison and family were down from Michel on Saturday on a visit to the former's parents, Mr. and Mrs. "Bill" Harrison.

The secretary of the Bellevue school district this morning received a cheque for \$1000, amount for which S. T. Humble, former secretary-treasurer was bonded.

An Englishman having asked an American if the weather had been cold, the latter replied: "Cold? I should say so. Went home, lit a candle, jumped into bed, tried to blow out the candle, couldn't do it; flame froze, and had to break it off."

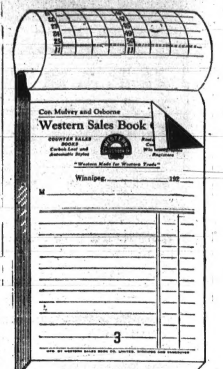

Eleven thousand engineers, firemen, conductors, telegraphers, trainmen and other running trades employees on the C.P.R. received their last monthly pay cheques with 20 per cent deducted from the basic rates, carrying into effect the pay cut announced by the company some weeks ago and approved by a conciliation board. On the C.N.R., some 15,000 employees of the same class will receive a similar wage reduction.

Mrs. Martin Evans, of Lundbreck, is seriously ill in St. Michael's hospital at Lethbridge.

Let a man get the idea that he is being wronged, or that everything is against him, and you cut his earning capacity in two.

Mr. and Mrs. Joe Cardinal were down from The Gap last week end. Joe states that the high water of the North Fork river is threatening the road in places through The Gap.

BELLEVEUE HAPPENINGS

Mrs. A. Godwin entertained the ladies sewing circle on Thursday evening.

A farewell party was given for Miss Marjorie Rhodes on Friday night last in the Catholic hall. Dancing was enjoyed to music supplied by Miss Peggy Cole, Jack McIsaac, Arthur Emmerson, Dennis McLaugherty and others. Misses Ruby Cousens, Lillian Rhodes and Jessie Radford acted ably as hostesses.

Mr. and Mrs. Thompson and Bill Duncan were Fernie visitors on Saturday last.

Mrs. F. Wolstenholme, Mrs. J. Sheveis, Mrs. F. Padgett and Mrs. G. Coupland left on Monday afternoon for Banff, where they are attending the Grand Chapter of the O.E.S. Mrs. Coupland is delegate from Bellecreit Chapter.

Miss Marjorie Rhodes left town on Sunday for Winnipeg, where she will enter the Grace hospital to train for nursing.

George, youngest son of Mr. and Mrs. J. H. Green, suffered a painful injury on Monday, when he fell and dislocated his arm. George was out on a short ramble with the Scouts and was brought home and taken to the hospital, where the arm was set.

The Bellevue tennis courts were opened on Sunday last. They have recently been resurfaced and are now in A-1 shape.

Rev. John Wood and family were Lethbridge visitors on Monday.

An item in our last week's correspondence should have read Mrs. McEachern, and not Mr. and Mrs.

The Bellevue United football club defeated Coal Creek on Saturday night 3-0 in a Crows' Nest Pass League fixture. It was the best exhibition of the game seen here for quite a number of years, and fans expect to see many more games of the same class.

Young Bragger: "My grandfather built the Rocky Mountain."

Unsympathetic Listener: "Aw, that's nothin'. Do you know the Dead Sea? Well, my grandfather killed it."

Bad Legs

Varicose Veins
Ulcers--Bunches

Make up your mind today that you are going to give your legs a chance to get well. No operations nor injections are necessary, no enforced rest. This simple Emerald Oil home treatment permits you to go about your business as usual—while it quickly heals old sores, reduces swelling, stimulates circulation, and makes your legs as good as new. No waiting for relief! You begin to get it INSTANTLY.

Just follow the simple directions and you are sure to be helped. Blaimore Pharmacy won't keep your money unless you are.

LODGE DIRECTORY

Blaimore Lodge No. 68,

L.O.O.F.

Meets First and Third Tuesdays

at 8 p.m., in the Oddfellows' Hall.

Officers for the ensuing term: A. Deacon, N.G.; J. A. McKay, V.G.; A. M. McKay, recording secretary.

Livingstone Lodge No. 22,

KNIGHTS OF PYTHIAS

Meets in the Casino Hall on the

Second and Fourth Fridays of the

month at 8 p.m. Visitors are always

welcome. Officers: C.G., Thos. Gale;

K. of R. & S. B. Senaier.

BLAIRMORE LODGE NO. 15

B. P. O. ELKS

Meets Second Tuesday at 8 p.m. in

the Lodge Hall. Visitors made wel-

come. J. R. McLeod, E.R.; John A. Kerr, secretary.

HILLCREST HAPPENINGS

A. Banchini was fortunate in winning the Maytag washer at the Coleman carnival.

Mrs. Price and family, of Calgary, have been visitors at the home of Mr. and Mrs. Carpenter.

Madam Chin On is shortly to open a business on the main street, in her store adjoining the premises occupied by the Royal Bank of Canada.

Mrs. Walter Ross left on Wednesday last for a trip to Toronto.

Sidney Price is in town again.

Albert Bianchini entertained a few of his friends at a party on Saturday evening last.

Owing to sickness, Isabel Westrup has been unable to attend school for the last two weeks.

T. M. Burnett and John Brown attended the 25th anniversary celebration of Sentinel Lodge, A.F. & A.M.

Mr. Burnett was the worshipful master named on the lodge charter, the lodge then being located at Frank.

G. E. Cruickshank motored to Edmonton on Wednesday.

COWLEY HAPPENINGS

Mrs. A. Shepherd, of Alameda, Saskatchewan, is paying an extended visit to her sister, Mrs. Percy Burles.

The Cowley Women's Institute, finding difficulty in keeping up the payments of provincial and constituency dues, have withdrawn from the provincial body, and have reorganized themselves into a club, called the "Home Helpers."

The first meeting under their new name was held at the home of Mrs. H. C. Morrison on Thursday night.

The Cowley school girls' softball team went to defeat on Saturday afternoon to the Tanner school team by a score of 9-19. The contest was played on the Cowley ground.

On Sunday afternoon, the Cowley team won from the River Rats on the River ground, in a game of baseball, to the tune of 12-30.

A softball match between Cowley and Lundbeck school-girl teams, was played on the local ground on Friday afternoon, resulting in a score of 11-12 for Cowley.

Miss Kathleen Elton is guest of Mr. and Mrs. Harold Garry at Fernie.

HORSEPOWER TAX OLD STUFF

Horsepower tax is no new thing in England. Its roots have been traced back to the Norman Conquest, and in Oakham, seat of England's smallest county, is a unique exhibit to convince the skeptical. It consists of more than 200 horseshoes, which almost cover the walls of Oakham Castle.

For several centuries every nobleman passing through the town has had to pay a toll (or tax) of one horseshoe; a custom which antedated Queen Elizabeth at least, because the shoe given by the Virgin Queen may be viewed along with the contributions from Lord Trent and the present Prince of Wales. Some of the shoes are the real thing, taken from warhorses or hunters, but the majority are models varying in size up to six feet high.

With today's wheeled traffic it is perhaps fortunate for the traveller that the tax is fixed at one shoe per nobleman, not one shoe per "horse."

CALL THE PLUMBER

A tourist was enjoying the wonders of California, as pointed out by a native. "What beautiful grapefruit!" he said, as they passed through a grove of citrus trees.

"Oh, those lemons are a bit small, owing to a comparatively bad season," explained the Californian.

"And what are those enormous blossoms?" asked the tourist.

"Just a patch of dandelions," said the Californian. Presently they reached the Sacramento river. "Ah," said the tourist, grasping the idea. "Somebody's radiator is leaking."

RAILWAY HALTED

IN AID OF ROBIN

BENTON HARBOR, Mich., May 17.—A marathon robin who had to keep on the wing to hold the pace with her brood, is getting a rest here.

Conductor Roy Blodgett saw the bird flying under the caboose of a Hartford-Benton Harbor freight train. Investigation revealed a nest in the under structure, bearing two blue eggs.

The next incoming freight train from Grand Rapids brought another caboose, and with it an order from division headquarters: "Use extra caboose until robin is done with car."

RECORD UNIVERSITY YEAR

Registrations at the Alberta University for the term just closed totaled 1965, constituting a new record for the institution, which is this year celebrating its 25th anniversary.

In the previous year the total was 1933. Of the total number 1555 were registered for the full courses during the fall and winter term. Others included the summer session registrations, and those in similar special courses.

Distributing by faculties, the registrations were as follows: 787 in arts and sciences, 281 in applied science, 235, of whom 63 were full time, in agriculture; 342 in medicine, 47 in the school of pharmacy, 31 in the school of education, 12 in the Bachelor of Divinity course, 181 in the summer session and 128 graduate students.

IN THE TEEN-AGE

In the teen-age reading and the movies may have their rightful place in broadening the range of the knowledge, the interests, and the understanding of people, but dramatics adds to these an opportunity for expression which requires insight and discrimination and provides emotional release.

The advantage of dramatics as a method of education lies in the universality of its appeal. The desire for dramatic expression is innate.

It is found throughout the entire range of individuals and is common to all races. Dramatization may be an effective method of mastering facts and acquiring knowledge, and it may be a means of becoming acquainted with good literature.—Ex.

Detail of Information

A certain farmer, who is by no means noted for his resemblance to Apollo, has a son of seven who possesses more wit than pedigree. One day a stranger came to the farm, and seeing a lad, asked:

"Son, where's your father?"

"In the pigen," was the reply.

"In the pigen. Thanks."

And as the man moved away in the direction indicated, the boy shouted:

"I say! You'll know him, 'cause he's got a hat on."

Two little boys had misbehaved in school, and as a punishment the teacher told them they would have to stay late, and that each must write their name one hundred times.

On hearing this, one of them burst into tears. "Pain't fair," he cried. "His name is Lee and mine's Katzenbaumeinsteinberg."

"You'll be discharged on this occasion, madame," said the fierce-looking magistrate to an elderly lady charged with committing a breach of the peace.

"Thank you kindly, sir," replied the grateful lady. "I've always said that many a soft heart beats behind a hard face!"

Attorney: "Now, sir, did you, or did you not, on the date in question, or at any time, previously or subsequently, say or even intimate to the defendant or any one else, whether friend or mere acquaintance, or, in fact, a stranger that the statement imputed to you, whether just or unjust, and denied by the plaintiff, was a matter of no moment or otherwise?"

Answer, did you or did you not?

Defendant: "Did I or did I not what?"

Beatty of the C.P.R.

As Montrealeers Know Him

Rescued from Montreal Daily Herald

E. J. Beatty is a quarter-back who is studied law, but by a twist of fate became a railway president.

Though he couldn't make the first string on the Varsity gridiron squad he had no difficulty with the C.P.R. and has played regularly ever since. They say it was Shaughnessy coaching that turned the trick (Lord S. not Shag).

He is probably the shyer man in Canada.

The ladies admire him because he wears his hat over one eye and walks with a quarterback swagger. The fact that he is a scholar and apparently intends to remain one provides a second element of "je ne sais quoi" to keep feminine hearts in a state of flutter.

Business men like him because he talks straight from the shoulder and has an uncanny talent for getting at the core of the most intricate problem.

The man in the street respects him because he preaches The Gospel of the Canadian.

Politicians favor him because he is the boss of the C. P. R.

The Prince of Wales is another citizen who thinks Beatty is "all right," and His Royal Highness is always ready to prove it by officiating at the launching of a new C. P. R. ship.

Ordinary people respect him highly, and are sorry his railway is having a hard time.

As a youth he wanted to be a Judge, but Fate intervened and sent him a job in the C. P. R.'s legal department.

Young Beatty refused to regard this as his life work, but ultimately had to decide in a hurry when the late Lord Shaughnessy sent for him and asked him to be a Vice-President.

Here is one version of what took place:

Beatty said "No!"

"Tom" Shaughnessy fixed the young attorney with a stern eye and said: "My God, Beatty! Do you want to be a mere lawyer all your life?" Young Beatty smiled and took the job.

Some people think Mr. Beatty is hard to reach and takes a long time to get to the point. Nevertheless he is the easiest man in the country to talk to, provided you can crash the outer office.

He is one of the few leading citizens who go in for Good Works in a Big Way without thought of publicity or praise. Not long ago the mother of an ex-Boys' Home youth who had lost his job in the States, was destitute and needed trainfare home in despair telephoned to E. W. The Chairman and President of the C.P.R. came to the phone in person, discussed the case with the harassed mother, told her not to worry and instructed the C. P. R. official nearest to the boy to ship him back to his home, paying the fare out of his own pocket. These are the things which have won him a reputation for kindness and humanity.

He was born at Thorold, which Ontario people will tell you is situated in the Garden of Canada. He attended several schools in Toronto, and ultimately scratched his way into, through and out of Toronto University; and was called to the Ontario Bar. That was in 1901 and almost at once he went into the C.P.R.'s law department.

"I stayed there for thirteen years before becoming the company's General Counsel. In 1915 he was elected to the Board. In 1915 they made him President, when Lord Shaughnessy dropped one of his two portfolios. Six years later he added the title Chairman to his list of titles. Since then he has held both jobs and has had plenty of worries on his hands.

He thinks co-operative management will solve the railway problem. He does more travelling than many politicians. To-day you will see him in Calgary; Next Tuesday he will be in Montreal. On Wednesday he will appear before the Railway Commission in the Capital. On Thursday you can talk with him by long distance to the Empress of Britain, Ottawa, bound. Wherever he goes he carries his work under his hat. When times were good it used to be said that he had the Biggest Industrial Job In The World. The job to-day is probably the biggest but infinitely more arduous.

His continued good repute is largely due to the idea that has got about that he is honest, honorable and, taking him by his word, an exceptionally able citizen of Canada as can be found between the two oceans.

There is plenty of evidence to support the charge.

"How did you like the congress woman's talk on international relations, Mrs. Green?"

"I couldn't stand it! It was terrible! Her earrings clashed with the shade of lipstick she used; her shoes were not all the thing for that hat she wore; and any one ought to know better than to wear a belt with a dress like that."—Selected.

"With a single stroke of a brush," said the school teacher, taking his class around the national gallery.

"Joshua Reynolds" could change a smiling face to a frowning face."

"So can my mother," said a small boy.

A Russian physician named Boris Married Doris, the pride of the chorus.

With twins they were blessed, And I'm here to attest They now have a wee "Doc" and Doris!

The golfer was so badly off his game that he put shot after shot into the long grass, and a lot of time was

lost looking for balls. Finally, after the caddy had failed to find three missing balls, the golfer turned to him. "You're a fine caddy!" he snapped. "I thought I hired you to find the balls when they went off the fairway."

"Aye, ye did that," returned the youth, "but then again I thought ye cam out tae play golf."

"Willie," said the Sunday school teacher severely, "you should talk like that to your playmate. Have you ever thought of heaping coals of fire on his head?"

Willie: "No, I haven't, but it's a great idea."

The Leader for Forty Years

"SANTA" TEA

"Fresh from the Gardens"

Shall Broadcasting Become a Monopoly?

Canadian policy regarding radio broadcasting is a very live subject for discussion and naturally so because the radio has become such an intimate thing in the homes of Canada. It is the radio that many people, and more especially those in rural parts or where a daily paper is not immediately available, now look to supply them with the correct time, weather forecasts, latest market prices, outstanding news events throughout the world, music for a little dance, religious services, and entertainment of all kinds. It is, therefore, only natural that policies and regulations governing radio broadcasting are of interest and concern to Canadians as individuals as well as to Canada as a nation.

Following investigation of the subject, a Royal Commission reported unanimously in favor of nationalization of broadcasting in Canada. The Parliamentary committee endorsed the policy, and finally, by a non-partisan vote in the House of Commons it was adopted. There was almost complete unity on the subject and Canadians everywhere were prepared to welcome and assist in the development of a great national undertaking and service. That was only a year ago, but that unity has disappeared and dissatisfaction is being voiced by the press, numerous organizations, and individuals everywhere. It is rare indeed to find of any person who is satisfied. This general dissatisfaction has been aired in Parliament and Premier Bennett has promised further study of the whole subject by a special Parliamentary committee next session in an effort to bring back the old unity that prevailed a year ago.

What caused such a complete change in public opinion in a few months cannot be discussed in detail, but from the very beginning the Radio Commission appointed seems to have had a faculty of antagonizing people and of being too dictatorial. It first inaugurated a series of orchestral and symphony concerts. At first these were appreciated by many, but when no variety in programmes was forthcoming, nothing but symphonies and orchestras from Toronto and Montreal, people who desired something else began to criticize. Then followed a series of restrictive regulations and prohibitions imposed on all stations. But the final act of the Radio Commission which does not appear to have pleased anybody was the alteration of the wave lengths of stations throughout Canada in such a manner as to shut out many of the most popular programmes from United States stations in an apparent effort to compel Canadians to listen to the Canadian Commission's programmes whether they desired to do or not.

The Commission being a national body, and in an official sense Canada being a bi-lingual country, the Commission is perforce required to present programmes in French as well as in English. Thus many of its programmes are quite un-understandable to thousands of people in the Provinces, other than Quebec, and while they do not object to programmes being broadcast for the French-speaking portion of the population, they do resent the action of the Commission in so changing wave lengths that they cannot listen to other programmes. Furthermore, many people feel that these French programmes might well be confined to Quebec and not carried from coast to coast.

Announcement is now made that the Radio Commission proposes to build two high power broadcasting stations, one in Saskatchewan and one in British Columbia, and that with the erection of these stations at a cost of approximately a quarter of a million dollars all present stations will be reduced to 100-watt power, reducing them to the status of stations with a range limited to a small local district. The result must be the closing of all such stations because they cannot command the commercial support necessary for their maintenance and operation.

In other words, it is not merely public control of radio broadcasting in Canada, which the vast majority of people favor, that is now contemplated, but the creation of a Government monopoly of broadcasting, which is quite a different thing, and a proposal which has aroused strong protest.

What is the intention back of this latest decision? It seems to be stated by W. A. Beynon, M.P. for Moose Jaw, who, in a letter to a radio association, says in part: "If the principle of national broadcasting is going to be carried to its logical conclusion, it means the ultimate wiping out of all small stations. This, it seems to me, is inevitable, and the whole question is—shall we continue the policy of national broadcasting or go back to the individual, privately owned broadcasting stations? That national broadcasting will be more economical there can be no doubt. Whether it will, or will not suit the public better, or even whether it will or will not serve them better is another question."

Here is a question in regard to which the people most concerned—the listeners—should make their views known to their local M.P. in order that he may present their views to the Parliamentary committee next session. And in the meantime, it would appear that the proper policy for the Radio Commission to pursue would be to stay their hand in the expenditure of large sums of public money in the erection of new broadcasting stations until that Parliamentary committee conducts its investigations and reports its findings.

The Prairie Crop Acreage

Two-Thirds of Field Crop Acreage of Canada in Three Western Provinces

Over two-thirds of the field crop acreage of Canada is concentrated in the three prairie provinces, and most of this area is needed to the grain crops, with wheat predominating. Roughly speaking, the specialized wheat areas cover the southern short grass plains from the Red River Valley of Manitoba to the foothills of Alberta and attain their greatest width in central Saskatchewan.

London recently had a bench show for dachshunds only.

Within His Rights

Man Considered Dead By Courts Objects To Paying Income Tax

How can a man who is officially dead be made to pay an income tax? That is what Jean Baptiste Arnaud, fifty-seven-year-old roadman of Mauve, France, may ask the courts. He served through the World War, but when he applied for papers to prove that he was an ex-serviceman, he was told that the records showed that he had died when he was only a few days old. He appealed, unsuccessfully, to the courts, and is now considering refusing to pay his tax on the ground that dead men cannot be taxed.

Headaches and Dizzy Spells Nerves in Bad Condition

Mr. Neil Crawford, Hamilton, Ont., writes: "My nerves were in such bad condition I found it almost impossible to get a good night's sleep. I was also bothered with headaches and dizzy spells. I tried many different remedies, but they did not seem to give me much relief, but after I had taken Milburn's Heart and Nerve Pills I could hardly believe the change they had made in my condition."

For sale at all drug and general stores; put up only by The T. Milburn Co., Ltd., Hamilton, Ont.

Seeking Lost Continent

British Scientists Are Preparing To Explore Indian Ocean

British scientists are to explore the bottom of the Indian Ocean, four miles below the surface, in a search for traces of the lost continent of "Lemuria."

An expedition under Captain J. M. Mackenzie, who captained the "Discovery" of Sir Douglas Mawson's last voyage in the Antarctic, will leave London in August to begin the search. They will be nine months at sea (between Africa and India) in a tiny research craft of only 105 tons. The craft is now being fitted at Alexandria with latest inventions for underwater exploration.

Steel bottles, which close automatically at a certain depth, will be let down to take specimens of the sea life and record temperatures. Lead lines will be dropped four miles down to take samples of the ocean floor.

In this way the expedition hopes to discover traces of the continent of "Lemuria," which is supposed to have stretched from Madagascar to Sumatra and India in pre-historic times. Another object is to discover whether there are mountain ranges and ridges under the sea such as the Mid-Atlantic Ridge in the Atlantic. The scientific leader of the expedition will be Colonel Seymour Selous, D.S.C., director of the zoological survey of India.

Weather Man Fickle

Has Always Staged Sudden Changes Old Diary Proves

Judging from a diary kept by Mrs. Reidsel, wife of General von Reidsel, commander of the German mercenary troops stationed at Three Rivers, Quebec, from 1778 to 1782, the weather man was just as fickle in her day as he is now. In fact a sudden change in temperature spoiled her chances of getting to Montreal for her spring outfit.

Mrs. Reidsel's diary, discovered by officials of the McCord Museum in cutting over material for an extensive exhibit illustrating Canadian history during the period of 1770-1870, reveals that it was eventually her confusion as to becoming a lady of rank and distinction to do her spring shopping in Montreal. In keeping with this custom she set out one spring for the metropolis by horse-drawn carriage, traveling on the top of the St. Lawrence. At St. Sorel an overnight stay was made and during that time a rapid change in the weather took place. Imagine her disappointment when the good lady awoke next morning to see a boat sailing up the river where she had only the night before travelled on ice.

To Salvage Gold

Italian Vessel Engaged in Raising Treasure From Sunk Liner

The Italian salvage ship "Antiglio" has sailed for a final attempt to raise approximately \$1,500,000 in gold still in the strong room of the sunken P. and O. liner "Egypt," lying 70 fathoms deep off Point de Ra.

In four previous summers of work the Italian divers recovered \$2,500,000 of the total cargo of \$5,000,000 in gold and silver which the liner carried from London on her last voyage, May 19, 1922. The "Egypt" sank in 20 minutes after being rammed in a fog by the French freighter "Seine." Of the 44 passengers and 291 crew, 96 lives were lost.

After finishing with the "Egypt," the "Antiglio" probably will be engaged by the Egyptian government to seek gold and other treasure from Napoleon's ships which were sunk by Lord Nelson off Aboukir Bay in 1798.

Child Prodigies Banned

From French Stage

Any Under Thirteen Are Not Allowed To Appear

France has definitely banned child prodigies from the stage. Legally no one under thirteen is allowed to appear, but special licenses have been issued. The Cabinet has decided that no more of these will be given. Child prodigies on the stage are included, and many child stars are affected. The decision followed the receipt of reports by the Ministry of Health and Public Education that children on the stage are made to work long hours without sufficient time for study.

The colors of the king of England's racing stable are purple, gold braid, scarlet sleeves and black velvet cap with gold braid.

British Columbia is the largest silver-producing province in Canada.

Many new small factories are being started in Japan.

NOT A PAIN AT 78

She Feels Like 48

Aches and pains are not inevitable in old age. When they do come, there is always a cause for them—a cause that can be overcome. Here is a little lesson on growing old, by a woman of 78—

"For the last five years I have taken Kruschen Salt, and I tell you truthfully I could not live without them. I am 78 years old. I have not a pain in my body, and I feel as young as I did at 48. I give the credit to Kruschen Salt. No one will believe my age."—(Mrs. C. M.)

Most people grow old long before time because they neglect one vital need of health—the need for internal cleanliness. Eventually they start the healthy Kruschen habit. Then, probably for the first time in their lives, they start getting rid every day of all waste matter from their system. And almost immediately they feel their youth has returned; they feel energetic and happy. In a word, they've got that famous "Kruschen Feeling."

Exhibits From Britain

Good Representation From United Kingdom For World's Grain Show

Leading representatives of the agricultural industry in the United Kingdom will represent the government at the world's grain conference, opening in Regina, Sask., July 24, while agricultural, milling and other interested organizations are considering the question of sending delegates. It is also probable a small parliamentary group will visit Canadian connection with the conference.

Announcement was made by the ministry of agriculture that the government of the United Kingdom will be represented by Sir Daniel Hall, director of the John Innes horticultural institute. Sir John Hall, director of Rothamsted Experimental Station and of the imperial bureau of soil science and William Robb, director of research, Scottish Society for Research in plant breeding.

The Rothamsted station at Harpenden, Hertfordshire, is preparing an educational exhibit including sheaves of wheat from the 89th successive crop grown on the same field under varying conditions. Britain will be well represented in competitive classes and in exhibits of small farms.

Scotland is sending samples of oats which already have won high awards in home competition. In addition there will be wheat and barley exhibits from various parts of England and varieties of flax as well as grain will be sent by northern Ireland.

Recipes For This Week

(By Betty Barclay)

HODGE PODGE PUDDING

(Serves 6)

1 cup orange pulp, dried.
1 cup apples cut fine.
½ cup broken walnut meats.
½ cup raisins, soaked, chopped.
½ cup orange juice.
¼ teaspoon ground cinnamon.
¼ cup sugar.
6 tablespoons bread crumbs.
1 teaspoon butter.

Mix all ingredients except butter. Put into buttered dish, dust top with bits of butter and bake covered in a moderate oven (380 to 400 degrees Fahrenheit) until apples are tender. If apples are very dry, increase the amount of orange juice slightly. This is a pudding boys like.

DERBYSHIRE SANDWICHES

Rum through the meat grinder enough finely sliced boiled ham to make one cup of it when minced. Add one-half teaspoon mixed mustard, few drops tobacco sauce, one teaspoon sugar, salt and pepper to taste, and enough Chaii sauce to make a smooth paste. Spread on this slices of buttered bread.

The Honest Friend

We are all travellers in the wilderness of this world, and the best that we can do is to be honest friends. He is a fortunate voyager who finds many. We travel to find them. They are the end and reward of life. They keep us worthy of ourselves; and when we are alone, we are only nearer to the absent—Robert Louis Stevenson.

Did His Own Growing

A man was accused at Clerkenwell of having "adopted a threatening attitude" to a dog and its owner. "I nearly knocked me down," he explained, "so I growled at it." "You mean," suggested the magistrate, "that it growled at you?" "No," the man insisted. "I growled at the dog."

Exports from Indo-China last year were nearly equal to those of 1931.

Plan Long Flight

New York To Bagdad In All-Of-British Fleet

Some time this summer James A. and Mrs. Amy Molition, famous British husband-and-wife aviators, will hop from Roosevelt Field, New York, on an attempt to set up a new long-distance record by flying non-stop to Bagdad or beyond.

If they make Bagdad they will have beaten by some 700 miles the record of 5,840 miles established in February of this year by the British airmen, Nicoletts and Gayford, when they flew from England to South Africa.

Roosevelt Field was chosen by the Molitions as the starting point for their first dual aerial adventure because it is the only suitable airport having a concrete runway.

The laden weight of their machine will be such that experts have advised the flying couple that there is no need in England having sufficient length and firmness for taking off purposes.

Their machine, now in process of construction in England, will be shipped in parts to New York and will be re-assembled at Roosevelt Field. It is a bi-engine designed monoplane of the De Havilland "Dragon" type, and would normally accommodate six passengers, pilot and baggage.

Three vast cylindrical tanks, placed so close together that they resemble the boiler of a giant locomotive behind the pilot's seat, replace the passenger's seats.

Only one pilot's seat is provided in the forward cockpit, with just enough elbow room for the Molitions to change over the controls of the air. There is a hatchway only one foot in height, and the pilot must crawl from the cockpit, underneath the tanks, to a tiny cabin in the tail of the machine.

The gasoline capacity will enable the machine to fly up to 6,000 miles in average conditions. With a tail wind during parts of the journey the 8,000-mile limit should be exceeded.

Other details regarding the machine and its equipment are being kept secret, but it is not believed that the aeroplane will carry radio.

Records Carefully Kept

Plenty Of Documents About Hudson's Bay Company Trading Posts

"Never has the frontier life of any country been as carefully recorded and as thoroughly documented as the journals of the fur trade posts of the Hudson's Bay Company in Canada," said Douglas MacKay, speaking to the Kinsmen's Club of Montreal.

"Under the terms of the original royal charter, London as the head office of the Hudson's Bay Company, remains the repository for all the company's archives, and the gathering of these from the posts and outposts a few years ago resulted in an accumulation of nearly six tons of documents," Mr. MacKay declared. The work of organizing and cataloguing this material has been proceeding under the direction of the company's archivist in London.

At the present time, this vast quantity of historical documents, which is in reality the richest source of material of western and northern Canadian history, is in better shape for the use of accredited historians than ever before.

Earned Gratitude Of

Indian Mohammedans

Lord Lothian Arranged Return Of Valued Robe To India

Lord Lothian, former Under Secretary of State for India, has earned the undying gratitude of numbers of Indian Mohammedans by arranging for the return to India of a holy robe which is inscribed the whole of the Koran. The Koran is the highly revered Mohammedan Bible. The robe was taken away from India at the time of the mutiny of 1857. It has remained in England in the hands of a noble family. Through Lord Lothian's intervention the owner has made a gift of it to the Muslim University of Aligarh, where the robe has been placed in a prominent position in a showcase and is venerated by the faithful. Little is known about the history of the robe.

A Heavy Responsibility

The city council of Chicago, by resolution, has assigned Alderman John Coughlin, the Beau Brummel and dean of that body, the sole responsibility of designating the date when Chicagoans may put on their straw hats.

Tons of gold bullion placed in a secret "war chest" before Japan went off the gold standard are said to exist in Tokyo.

Italy expects an increase in employment in the next few months.

Merrily

They Roll Along

No wonder they're merry—rolling their own with Ogden's Fine Cut. It's so easy to roll a smoother, more satisfying cigarette with this fragrant cigarette tobacco.

... And they're using "Chanticleer" papers, of course. Ogden's Fine Cut and "Chanticleer"—that, Sir, is the finest combination any man can use for rolling a really better cigarette.

OGDEN'S FINE CUT

Your Pipe Knows Ogden's Cut Plug

Modern Home In Sweden

Disabled Poor Will Have Every Care and Comfort

Sweden is completing construction of its new home for the disabled poor at Nynashamn, near Stockholm, and it is declared to be the most modern in Europe. Latest equipment for curing rheumatism, nerve diseases, asthma, and other afflictions has been installed by the State Pension Board. Five experienced physicians and a large staff of assistants and nurses will be in charge of the medical work. The new home has several hundred rooms and wards, laboratories, terraces and galleries for sunbaths and a well-equipped gymnasium. There is also a large assembly hall for lectures, stage performances and movies. Success at rehabilitating the disabled penniless has been encouraging in Sweden, as about 60 per cent. of the patients treated have regained ability to earn their own living.

Rhubarb Was Once Medicine

Rhubarb pies and rhubarb sauce are now quite common every day. The rhubarb plant was used in pharmacy long before its value as a food became known. It grows wild on the banks of the Volga in Russia, and was used in the making of tarts in 1820 and soon became common in Canada and the United States. It was relished by the early settlers when fruit was scarce.

The office bachelor says the difference between an animated doll and a modern girl is that the latter doesn't holler "Mamma" when squeezed.

Britain has nearly 50,000 policemen on regular duty.

W. N. U. 1936

U. S. TO WATCH THE EFFECTS OF LOWER TARIFFS

Washington.—The United States Government was said in official quarters to be arming itself for economic war if international efforts at the world economic conference should fail to achieve lowered trade barriers.

At the same time, officials expressed some concern lest strong nationalistic feelings in various parts of the world should lessen the prospects of success not only at London but in the arms reduction conference at Geneva.

Open pessimism as to the prospect of lowering tariffs and other trade barriers at the London conference opening June 12, has been expressed by Assistant Secretary Raymond Moley of the state department, close adviser of President Roosevelt and one of the leading architects of its domestic reconstruction programme.

Secretary Cordell Hull of the state department, a life-long advocate of low tariffs, has taken a more optimistic view in general but has told newspapermen it must be determined forthwith whether tariff moderation will be the objective or whether the goal will be finally abandoned and every nation turn back upon a policy of commercial isolation.

Other officials said definitely, though privately, that the United States is putting itself in a position to embark on a policy of comparative commercial independence of the rest of the world and to work out a more self-contained national economy if efforts at international action fail.

United States officials were described as having watched with some concern the progress of the United Kingdom in concluding special trade treaties with Argentina, Sweden, Norway, Germany and Denmark in addition to the close commercial relations among the members of the British Empire, fostered by the trade agreements reached at last summer's economic conference at Ottawa.

Limit Wheat Production

League Of Nations To Submit New Plan At London Conference

Geneva, Switzerland.—The council of the League of Nations was informed of a definite plan for international action to deal with the wheat surplus.

The council received and adopted a report from the economic committee saying when delegates to the international wheat conference meet again in London they hope to submit to the world economic conference a plan providing:

1. For limitation of production and, if necessary, of exports.
 2. For liquidation of stocks.
 3. For maintenance of a reasonable import margin in European importing countries.
- "A substantial rise in the price of wheat," the report said, "would be a powerful remedy for the distress of agriculturists and would help materially in mitigating the general depression."

Economic Council Advocated

Ottawa, Ont.—Establishment of an economic council in Canada, to comprise half a dozen men of outstanding ability, was advocated before the Canadian Political Science Association here. It should be a "thought organization," and one of its chief functions would be to advise governments on economic and social questions.

Liquor Exports Illegal

Ottawa, Ont.—Exportation of liquor to the United States even for medicinal purposes is prohibited under existing regulations, states the department of national revenues. At present no beverage beyond 3.2 alcoholic content can be granted clearance to the republic, officials said.

Patrol Boat Makes Seizure

Victoria, B.C.—Making her first seizure since her arrival here from the east coast, the Royal Canadian Mounted Police patrol boat "Adversus" picked up the Vancouver gasboat "Alders" Sunday with 135 cases of Canadian liquor on board.

Believe France Will Default

Paris, France.—Belief that France will default on her debt payment due to the United States June 15 seems to have approached certainty in quarters close to the government. The amount of the French instalment due for payment June 15 was \$40,738,000.

W. N. T. 1934

Game Law Changes

Seek More Uniformity In Western Canadian Regulations

Edmonton, Alta.—Imported changes in the game laws of the prairie provinces are in prospect by the respective governments shortly. As a result of the conference in Edmonton between the Alberta, Saskatchewan and Manitoba game commissioners last week, recommendations will be made to their respective ministers, with a likelihood of approval and early adoption.

Uniformity in the fur tax is one of the chief points involved in the prospective changes. The game commissioners are agreed that there should be the same rate for this tax in the three provinces and that there should also be full co-operation in its collection. New regulations under the act, embodying this change, if finally approved, will be issued early in July. Agreement has also been reached for a uniform rate on bird and big game licenses. In the case of Alberta, it is understood, only slight changes will be involved.

General approval of a system of leased areas for trapping purposes was expressed by the game experts, who agreed that such a system would be in the interests of conservation. The question will be investigated during the year, with a view to gathering information leading up to possible legislation at the next sessions of the legislatures.

Big Housing Campaign

Move To Clean Up Slum Conditions In England

London, Eng.—The government directed the opening of a gigantic housing campaign when the ministry of health issued circulars to all housing authorities and county councils in England and Wales calling on them to co-operate in a five-year slum-clearance plan and in providing cheap-rent houses for working men.

The policy is one government circles believe will open a new era in housing. It marks a sharp departure from the government subsidy schemes which have been in operation for two decades. Except in limited cases the subsidies will be terminated and the field thrown open to the private builder.

Under the plan money will be provided largely by building societies. These societies, whose fund consists mainly of savings of small investors, now can lend only on first mortgages up to 70 per cent. of the value of the mortgaged property. They will be empowered to lend up to 90 per cent. of the value, and the government and local authorities together will guarantee any building society against any loss on the additional 20 per cent.

World Traveller

Journalist Has Prize For The West Coast Of Canada

Montreal, Que.—Near the end of a journey which has afforded him many adventures, John A. Clift, journalist, formerly of Ottawa, now residing in London, is in Montreal on his way home after a trip around the world. Mr. Clift has brought books of notes about Stromboli in the Aeolian Islands, a weird midnight funeral procession of a low-caste Hindu in Bombay; painted natives fishing sharks in the waters of Fiji, and chasing the emu in the wheat fields of Australia.

The cost of living had fallen considerably in New Zealand and the South Sea Islands, and many people who formerly wintered in the south of France are crossing the equator and enjoying the summer weather of the antipodes, he added.

Of all the sights the traveller saw in his long journey, none was more striking or more impressive than that of the coast-line of Vancouver Island, British Columbia, and the State of Washington with snow-capped mountains in the background.

University Is Sued

Calgary, Alta.—The court of appeal has reserved judgment in the \$30,000 Sirrell estate case, in which seven residents of England are suing the University of Alberta. The plaintiffs claim they are rightful heirs to the estate, which was handed over to the university when authorities were unable to locate relatives of Henry Sirrell after the latter had died intestate at Del Monte, Alta.

Russia Plans To Attend

Moscow, Russia.—The Soviet government has formally announced its intention to participate in the London economic conference by making public the names of its delegates. Foreign Commissar Gorkin Litvinov, was expected, was appointed chairman of the delegation.

Lord Wemyss Dies

Was Great Grandson Of King William IV.

Cannes, France.—Admiral of the fleet, Lord Wemyss, great grandson of William IV, third cousin of King George, first and last baron of his name, who signed the armistice for Great Britain, died at his villa here at the age of 69.

Royal Engineer Wemyss, made a baron in 1919, joined the navy in 1877 and gained fame as commander of the squadron which landed troops in Gallipoli in April, 1915, only to withdraw them the following winter.

As chief of naval staff and chief naval adviser at the Paris Peace Conference of 1919 he won high praise for settlement of naval terms.

Woman Lawyer

Newfoundland Judge Gives Welcome To Woman Practitioner

St. John's, Nfld.—Miss Louise Saunders, the first woman lawyer to practice in Newfoundland courts, was welcomed by Central District Court Judge F. J. Morris, K.C., when she appeared on behalf of a client in a civil action.

In congratulating her on her success attained in her examinations and in wishing her an extensive practice Judge Morris said that under modern conditions it was not too much to hope that she would attain the "wool-sack," the chief justiceship.

FRANCE BRINGS NEW PROBLEM TO WORLD COURT

Geneva.—France brought a new problem before the disarmament conference, when Foreign Minister Joseph Paul-Boncour opposed the destruction of heavy war material and advocated its preservation for use by the League of Nations against an aggressor.

Destruction of heavy war material is provided for in the British plan which is supported by the United States, Italy and Germany, as well as by its authors.

"Thus did the foreign minister of France revive and give new emphasis to the old Tardieu scheme for the internationalization of heavy mobile guns, tanks and other offensive weapons."

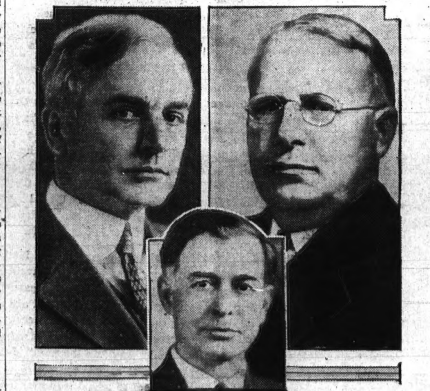

A German spokesman, commenting afterwards, said that M. Paul-Boncour's announcement meant France no longer accepts the British project, for which she has signed acceptance.

M. Paul-Boncour explained to the conference that the powers which are committed to give financial help to the country which is victim of an aggression would avoid waste by turning over war materials to the League instead of having them manufactured anew or for the state attacked.

The French minister flatly announced that France would not reduce her armaments unless a definite system of mutual assistance is created, supplemented by genuine provision of armaments.

The supervisor, he said, must especially cover armaments which are manufactured in private factories.

UNITED STATES DELEGATES TO WORLD PARLEY

Here are the three delegates selected by President Roosevelt to represent the United States at the World Economic Conference to be held in London this month, when the nations of the earth will endeavour to formulate plans for pulling the world out of the morass of depression. At the left is Cordell Hull, Secretary of State; right is James M. Cox, of Ohio, who was the Democratic nominee for the Presidency in 1920, and in the centre is Senator Key Pittman of Nevada.

H.B.C. SCOUT

A lucky Canadian scout is King's Scout Eric Liddell of Vancouver, who has been selected by the Hudson's Bay Company to go with its supply ship "Nascope" into the Arctic this summer, to pay a fraternal visit to English and Scottish Rover Scout apprentices at H.B.C. posts.

Ramsay MacDonald Criticized

Viscount Snowden Makes Scathing Attack On Former Colleague

London, Eng.—Viscount Snowden, of Ickonshaw, made a scathing attack on Prime Minister Ramsay MacDonald, his former National Government cabinet colleague, in the House of Lords.

"I would suggest that the government should look into the case of the Prime Minister, not only in his own interests, but in the interest of the country," Lord Snowden said, "for it is a positive danger to the country that its affairs should be in the hands of a man who, every time he speaks, exposes his ignorance or incapacity."

The viscount, for years a colleague of Mr. MacDonald in the Labor Department, declared the Prime Minister might better have saved time and expense than to have gone to Washington for President Roosevelt's economic discussions.

"There were no results," Lord Snowden said, "except a repetition of the platitudes which we have heard scores of times in connection with the forthcoming conference."

The speech was made in the course of a debate on British policy at the world economic conference opening June 12.

Well-Known Sea Captain

Vancouver, B.C.—Captain Gustave Folmer, 65, one of the best known sea captains and pilots on the British Columbia coast and Arctic waters, died in hospital here after a month's illness. Captain Folmer was in the service of the Hudson's Bay company and commanded the famous Arctic ship "Lady Kindersley" when that vessel was abandoned in the Arctic ocean late in the summer of 1924.

Time To Fight Grasshoppers

Winnipeg, Man.—The Manitoba Department of Agriculture opened its campaign against the grasshopper menace by shipping three tank railway cars of poisoned bait into southern Manitoba. Hatching of eggs has been halted by rains but entomologists believe the time is ripe to strike the first blow.

Preferred List

Many Prominent Men In List Of Preferred Customers Of J. P. Morgan and Company

Washington.—The names of men high in public and business life were put into the room of a senate committee in the presentation of a list of preferred customers of J. P. Morgan and Company.

Among them were William H. Woodin, now secretary of the United States treasury; William Gibbs McAdoo, Charles Francis Adams, Owen J. Roberts, John R. Nutt, John J. Raabok and Newton D. Baker. None of them was in public office, however, at the times they were recorded as having been sold stock by the Morgan Company at preferred prices.

As last year's list of prominent men were put into the record, the imperishable head of the company, J. P. Morgan, told the committee, under questioning, that he had paid income taxes in England for the years of 1931 and 1932. He previously had testified that he had paid no taxes in the United States for those years.

Under the British laws, losses of capital generally cannot be deducted from income taxes returned in Great Britain. Such losses may be deducted under the United States laws.

Oxford Group

Large Number Of "Changed" Canadians Gathering At Quebec City

Ottawa, Ont.—While members of the Oxford Group team, led by Dr. Frank D. Buchanan, are in Ottawa for the next few days, trains from as far west as Vancouver are speeding eastward with special carloads of "changed" Canadians to attend the final session to be held in Quebec City from May 26 to June 5.

Dr. Buchanan said that the experience of the team in North America since its arrival last fall has been truly remarkable.

ACCEPTANCE OF TITLES IN CANADA IS OPEN QUESTION

Ottawa, Ont.—Premier R. B. Bennett declined to say there would be no titles granted to Canadians until parliament had considered the broad question of the acceptance of honors from the king. Titles could be granted by the king, R. H. Mackenzie King, Liberal leader, was told, without the consent or approval of parliament or ministers. It was the considered view of the government the Nickel anti-titles resolution of 1919 no longer restrained Canadians from accepting titles.

The short incident ended in a verbal clash between the two party leaders. "I do not wish," said Mr. King, "to deprive the Prime Minister of being made a life peer, if that is the intention of his majesty, but all I would ask him is that before a title of that kind is accepted by himself or anyone else, an opportunity be given this parliament to express its views with respect to titles in this country."

"I suppose I should say," replied the Prime Minister, "that if the Liberal leader thinks he has added to the courtesy of debate, or established for himself any firmer position in the regard and esteem of the people of the country by the observations he has just made in answer to an explanation with respect to the limitation of the prerogative of the crown, then I am content."

"I am content, also," retorted Mr. King, "if the Prime Minister thinks his lecture will improve the amenities of parliament. What I said was perfectly reasonable in the circumstances. It was a remark which was understood by members of the House and which will be understood by the country in the spirit in which it was meant."

"Hear, hear," agreed the Prime Minister, turning to other considerations. Although no reference was made to it in the House, parliamentary corridors soon buzzed with rumors concerning the king's birthday list of honors. It was agreed nothing stood in the way of a Canadian being tendered and accepting a title in the June list from London or, unless parliament took some action in the meantime, the New Year's list.

The whole question of titles will likely be introduced anew in the House next session, but whether this will be before or after the New Year is uncertain.

NEW DRAFT OF SECURITY PACT TO BE SUBMITTED

Geneva, Switzerland.—Sir John Simon, British Secretary of State for Foreign Affairs, proposed a new draft for the security consultative pact before the disarmament conference.

Sir John told the conference his revisions were to conform with United States policy, particularly the American promise to refrain from any act weakening measures which the League of Nations may take against an aggressor.

This doctrine, the United States representative, Norman H. Davis, said, would be embodied in an unilateral declaration to be made shortly by the Washington Government.

The amended clauses of the British draft stipulate that in case of a breach of the disarmament pact, the league or any non-member may propose general consultation.

The object of this consultation would be:

1. To exchange views for the purpose of preserving peace and averting the conflict.
2. In the event of a breach, to use good offices for the restoration of peace.

3. If it is found impossible to restore peace, to determine which party or parties to the dispute are to bear responsibility.

If it is possible to identify the aggressor, Mr. Davis said, the United States Government undertakes to refrain from any action likely to defeat the concerted efforts of other nations to deal with the offending state.

United States, moreover, the American delegate announced, will not give protection to any American citizen who may engage in activities to defeat the international peace efforts.

The security commission of the conference defined an aggressor as a nation which is the first to commit any of the following acts:

Declaration of war, invasion by armed forces of the territory of another state with or without declaration of war, attack by land, naval or air forces, a naval blockade, or support to armed bands formed in its territory which have invaded another state or refusal to deprive them of protection.

No political, military, economic or other considerations may excuse or justify aggression, according to the definition agreed upon by the security commission.

Purchase Russian Railway

Japanese Approve Plan To Acquire Railway In Manchuria

Tokyo, Japan.—The cabinet has approved procedure proposed for the purchase from Soviet Russia of the Chinese Eastern Railway in Manchuria.

Three steps were suggested:

1. The state of Manchukuo is to negotiate the purchase under Japan's guidance, fixing the amount and the terms of payment.
2. Because of doubts concerning Russia's clear title to ownership, Manchukuo is to buy merely a transfer of the undoubted control of the railway by the Soviet.
3. Manchukuo is to purchase various mining and timber concessions held by Russia in connection with the Chinese Eastern, thus eliminating Soviet influence in north Manchuria.

The sale negotiations are authoritatively expected to open shortly in Tokyo.

Attempted Liquor Seal

Vancouver, B.C.—Breaking into a Canadian Pacific Railway freight car eastbound from Vancouver—thieves threw off 65 cases of liquor. Railway officials stated that 56 cases had been picked up along the right-of-way of Mission Junction, about 50 miles east of Vancouver.

Another Trade Treaty

London, Eng.—Great Britain has brought forward within her ring of new trade treaties. The treaty with Iceland is the sixth concluded within the past few weeks. Coal, as in the other agreements, is the chief British export to secure advantage.

Seaplanes Arriving Soon

Longueuil, Que.—With the arrival of two officers of the Italian air force here, preparations are being made for the arrival of the fleet of Italian seaplanes, which will attend the Century of Progress Exposition at Chicago.

Local and General Items

Alex. McVey was down from Coblin on Tuesday.

A crew of men are at work tearing down the old Sanatorium hotel building near Frank.

J. R. Gresham, of the customs office at Okotoks, is being transferred to the Flathead station.

J. Whitehead's pigeons were winners in a flight to Drumheller from Saskatoon recently.

Mrs. H. Clements and daughter Mildred, of Pincher Creek, were week end visitors with the Upton family.

Rev. Dr. George A. Dickson, of Calgary, was elected president of the Alberta Conference of the United Church of Canada.

Mrs. T. J. Moore, of Calgary, is the guest of her sister, Mrs. G. H. Dionne, at Pincher Creek, and of her aunt, Miss Boyes.

Mrs. Eva Maud Henderson, only daughter of C. F. Harris, barrister, died at Lethbridge on May the 18th, aged 47 years.

Four years ago last Friday, Miss Gladys Knowles, of Coleman, lost her life at Lundbreck Falls, when a car plunged over the falls.

Mr. and Mrs. Gordon Porter have left Lethbridge to take up residence in Edmonton, where Mr. Porter has taken over the Strathcona hotel.

Mrs. McDougall, Mrs. Rees, Mrs. Chappell and Mrs. Moore left Banff on Tuesday, where they attended the annual sessions of the Order of Eastern Star.

Miss Mabel Thompson, who, has been paying a brief visit to her home here, returned to Vancouver on Sunday last, accompanied by her aunt, Mrs. F. M. Pinkey.

In the absence of the pastor, Rev. A. E. Larke, who was attending the United church conference at Calgary, the services at the local church on Sunday last were in charge of Mrs. Larke.

Asked what the band of Lethbridge school marns were doing in Blairmore on Saturday, Tony replied: "Prospecting." Well, that accounts for all the local bachelors remaining in hiding during that day.

Misses Charlotte McEachern, Olive Macleod, Marjorie Thomas and Pauline Watkin, and Mrs. J. Smith, of Lethbridge, were visitors with Pass friends during the week end. Miss McEachern was formerly connected with the Coleman teaching staff.

Alex. Morency has decided to settle his action with the earth. Alex. fell from a height of around fifteen feet and had it not been for the intervention of a few tree branches and stumps, he might have hurt the earth considerably. His physiognomy bears evidence in the shape of a few lacerations, plus extras.

A fellow has to be a contortionist to get up these days. First of all, he's got to keep his back to the wall and his ear to the ground. He's expected to put his shoulder to the wheel, his nose to the grindstone, keep a level head, and both feet on the ground; and, at the same time look for the silver lining with his head in the clouds.

Washington has directed the closing of the Fernie American consulate on June the 30th, the end of the present fiscal year. Consul Brand will be transferred to Calgary, succeeding Consul Reat, who is now due for retirement on pension. Fernie is not the only Canadian post to suffer in the present consular readjustments. Charlottetown, Sherbrooke, North Bay and Sarnia have all been ordered closed within the past sixty days. A more detailed statement will be issued by the consulate upon receipt of written instructions from Washington.

Carpenters are effecting repairs to the Little mansion.

Mr. A. F. Key has resigned the position of editor of the Drumheller Mail.

Mrs. Jeanette Maunsell, widow of late Edward Maunsell, died at Macleod on Friday last. Three sons survive.

They're suffering down east, too. It is now announced that the Nova Scotia government has a united front.

In one year, the Salvation Army supplied 34,670,115 meals and 12,147,299 beds to needy people of the world.

EYES EXAMINED at the Blairmore Pharmacy on Saturday afternoon, June the 3rd, E. J. ANDERSON, B.Sc., in attendance.

Coleman will entertain the district tennis tournament about July the 1st. The tournament programme will last three days.

Mrs. P. Chardon will leave on Tuesday next for Paris, France, having been called there owing to the serious illness of her mother.

An intricate jig-saw puzzle of many pieces may be made by dropping the hand-painted dish that Aunt Emma gave you as a wedding present.

William and Kenneth McLean will stand trial on June the 26th for the murder of W. J. Parsille, wealthy Mannville farmer, in September last.

Miss Winnifred Wolstenholme returned last week from an extended visit to the Pacific coast, and is staying with her uncle at Bellevue at present.

The presence of certain parties around the Mutz mine area frequently doesn't necessarily indicate that the mine is to be reopened with female labor.

Mr. Justice Thomas Mitchell Tweedie (B.A. 1902, Mount Allison and LL.B. Harvard) of Calgary, received the degree LL.D. at the Mount Allison University convocation on May the 23rd.

At the annual meeting of the Alberta state council of the Knights of Columbus, held in Calgary, Fred Kenny was re-elected as state deputy. F. O. McKenna, of Pincher Creek, was elected advocate.

A schoolmaster told his boys he would give any of them a crown (five shilling) for a riddle he could not answer. "Why am I like the Prince of Wales?" asked the boy. The master did not know. "Because I am waiting for the crown," said the boy.

The two business men met, and the conversation turned to the subject of holidays. "Do you give your staff two weeks in the summer?" asked Jones. "No, a month," replied Brown. "A month?" echoed Jones in astonishment. "Yes," explained Brown, dismally, "they have two weeks when they go away, and two weeks when I go away."

Gus Kasech, representative in the Ohio State legislature, likes Canada. In fact, he likes it so well he thinks it should become part of the United States. With this in mind, he introduces a resolution memorializing the American congress to cancel the British war debt to the United States with the stipulation that Britain hand over the Dominion of Canada.

Local parties with vested interests in properties, who could, availed of the opportunity during the past week of paying their taxes in full and saving the offered twenty per cent. As a result, a large amount of revenue found its way into the town's coffers. While it is illegal or contrary to the town's act or school ordinance to permit more than a ten per cent discount, the experiment of overstepping to the extent of an added ten per cent has proved successful, as far as Blairmore is concerned; but still the regrettable fact remains that the deal was not perfectly within the law.
